- Chest pain
 - dilated cardiomyopathy — 209
 - emergency department presentation — 231
 - infective endocarditis in adolescent — 663
 - organic causes of — 863
- Circumcision, Internet sites on — 667
- Cognitive development and breast-feeding — 753

Subject Index, 2004

Colchicine for familial Mediterranean fever — 605

Colds: book recommendations — 647

Community clinics and missed appointments — 749

Community contacts, referral to — 743

Community pediatrics, education for — 505

Complementary medicine: communication between parents and pediatricians — 367

Congenital anomalies/diseases

- adrenal hemorrhaging and congenital hemihypertrophy — 865
- fetor ex ore and second brachial fistula — 473
- leukemia cutis — 487

Consciousness loss: syncope management — 17

Constipation and upper GI symptoms — 461

COVISE study — 87

Cysts: nasal obstruction by intranasal mucocele — 479

D

Deaths of unknown cause — 803

Dehydration, hypernatremic, in breastfed infants — 855

Dental health and infant feeding practices — 129

Dental infections and fever — 171

Development

- kwashiorkor in a toddler — 305
- lead exposure and pica — 189
- neurodevelopmental disabilities and GER — 557
- social-emotional, promoting — 119

Developmental disabilities. *See* Disabilities

Diabetes, type 1

- low-dose insulin delivery — 69
- peer victimization and psychosocial adjustment — 467

Diarrhea: book recommendations — 647

Disabilities

- developmental, and barriers to care — 721
- neurodevelopmental, and gastroesophageal reflux — 557
- Special Olympics clearance for participation — 777
- speech and ENT disorders in Down's syndrome — 783

Domestic violence

- reporting requirements — 449
- screening methods in pediatric offices — 103
- suspected, in twins — 583

Down's syndrome: ENT and speech disorders — 783

Drug adverse effects

- acetaminophen toxicity — 201, 297
- albuterol, preservative-containing — 615
- colchicine for familial Mediterranean fever — 605
- iatrogenic alcohol in medications — 399
- risperidone and weight gain — 437
- systemic effects of ophthalmic drops — 99

Dyson Community Pediatrics Network — 505

E

E-health ethical issues — 593

Education

- book recommendations for parents — 643, 647
- for community pediatrics — 505
- multidisciplinary approach to asthma education — 269
- NAEPP guidelines for asthma treatment — 793
- pediatrician training on psychosocial problems — 355
- preparing residents to counsel on smoking — 703
- student evaluation practices — 729

Emergency department

- bicycle-related injuries — 251

chest pain, epidemiology of — 231

post-tonsillectomy bleeding — 445

Emotional and social development, promoting — 119

Endocarditis

- clinical criteria for — 663
- delayed diagnosis of penicillin-resistant *S. mitis* — 773
- due to *Kingella kingae* — 283

Enuresis diagnosis and management — 217, 409

Ethical issues in e-health — 593

Exostoses, heredity multiple — 583

F

Familial Mediterranean fever and colchicine — 605

Family. *See also* Parents

- factors affecting adolescent substance abuse — 323
- lead poisoning due to occupational exposure — 845

Farm-related injuries — 335

Fatty liver disease, non-alcoholic — 483

Fever

- management and PCV 7 vaccine — 75
- persistent, and dental infections — 171
- practice guidelines for management — 11

Fistula, second brachial, and fetor ex ore — 473

Foreign bodies

- aspiration of cocoa powder — 111
- in plantar puncture wounds — 213

G

Gastroesophageal reflux

- due to constipation — 461
- esophageal pH monitoring during polysomnography — 653
- and seizure disorder — 557

Subject Index, 2004

Genetic disorders
 chronic granulomatous disease — 171
 heredity multiple exostoses — 583
 propionic acidemia workshop report — 837
 22q13 deletion syndrome — 43

Genital tract infections
 GABHS vulvovaginitis — 179
 pelvic inflammatory disease — 153

Granulomatous disease, chronic — 171

Guillain-Barré syndrome presenting with urinary retention and hypertension — 659

H

Halitosis and second brachial fistula — 473

Head lice, economic considerations — 523

Health care experiences of adolescents — 66

Health care providers

- domestic violence reporting requirements — 449
- Medical Home characteristics — 431
- perceived barriers to care of developmentally disabled — 721

Healthy Steps: residents' perceptions — 743

Hematologic disorders
 idiopathic thrombocytopenic purpura — 691
 thrombocytosis and HIV infection — 627

Hematuria: hypercalciuria and PTH testing — 725

Hemophilus influenzae type b immunity HIV patients — 831

Hemorrhaging

- adrenal, bilateral congenital, and congenital hemihypertrophy — 865
- late onset vitamin K deficiency — 499
- post-tonsillectomy — 445

Heparin, LMW, for renal vein thrombosis — 851

Hepatitis, giant cell, and Coombs-positive hemolytic anemia — 589

Herpes infections: fulminant hemorrhagic pneumonitis — 205

Hip pain in Langerhans cell histiocytosis — 859

Histiocytosis, Langerhans cell — 859

HIV infection

- Hemophilus influenzae* type b immunity — 831
- and thrombocytosis — 627

Hyperammonemia signs and symptoms — 683

Hypercalciuria and PTH testing — 725

Hypernatremic dehydration in breastfed infants — 855

Hypertension, Guillain-Barré syndrome presenting with — 659

Hyperventilation: infective endocarditis in adolescent — 663

I

Icteric sclerae and scarlatina rash in Kawasaki disease — 671

Immunizations

- clinician satisfaction with vaccinations — 87
- Hemophilus influenzae* type b immunity HIV patients — 831
- influenza, for healthy schoolchildren — 35
- new combination vaccines — 503
- parental reporting accuracy — 83
- pneumococcal, and fever management — 75

Incontinence, diagnosis and management — 217, 409
